Objective

I am looking for an opportunity to apply and grow my skills as a web developer. I would like to continue learning more technologies and expanding my development abilities.

Skills

Fully functional web applications, database creation and queries, designing and executing user interfaces, API development, Git, GitHub, BitBucket, Test Driven Development, Agile development, MVC framework

LANGUAGES AND FRAMEWORKS:

Ruby on Rails, JavaScript, jQuery, SQL, Active Record, Ajax, HTML5, CSS3, Sass, Bootstrap, Foundation, Bourbon

DATABASES:

SQLite3 on local development, PostgreSQL live production deployed to Heroku

Experience

ARTTRACK WEB APPLICATION, THE IRON YARD; DURHAM, NC – AUGUST - NOVEMBER 2015

I worked in a group of three developers to build a Ruby on Rails web app with data persistence using SQL that we deployed to Heroku. As primarily Rails developers, we all contributed to the back end and front end aspects, including HTML5, CSS3, JavaScript, jQuery, and Bourbon.

FREELANCE ARTIST, SELF EMPLOYED; DURHAM, NC - 2012-2015

Adobe Photoshop, Illustrator, and InDesign for web design, graphic design, social media marketing, creative drawing and painting digitally and traditionally.

BAKER, PANERA BREAD; DURHAM, NC - 2015

Independently managed the bakery environment during busy day shift. Collaborated with store managers to keep inventory

Education

THE IRON YARD, DURHAM, NC - AUGUST - NOVEMBER 2015

Completed intensive Ruby on Rails program centered around creating deployment-ready web apps with a focus on collaboration with other developers. I devoted 60-80 hours a week learning the core skills of back end web development, as well as some front end skills.

EAST CAROLINA UNIVERSITY, GREENVILLE, NC - BFA 2012

Bachelor of Fine Arts with a Concentration in Painting & Drawing with a Minor in Biology.
